## PROCEDURE S2.2-P2.2

### MANAGING INAPPROPRIATE STUDENT BEHAVIOR

#### 1.0 INTRODUCTION

##### 1.1 Related Policy

Student Code of Conduct

##### 1.2 Purpose

This procedure provides information to students and staff on how inappropriate student behaviour is managed at the AIM Business School (ABS) and refers to other policies and procedures as part of this.

##### 1.3 Scope

This procedure applies to all students and staff of ABS.

##### 1.4 Scope Exceptions

None.

#### 2.0 RESPONSIBILITIES

1. Students are responsible for complying with this procedure, as required.
2. Staff are responsible for enacting this procedure as outlined below.
3. The ABS is responsible for providing training to staff regarding the Student Code of Conduct and this procedure.
4. The ABS is responsible for providing students with information on the Student Code of Conduct at orientation and in each Unit Guide.
5. The Student Code of Conduct will be published on the website.

#### 3.0 PROCEDURE

##### 3.1 Academic Misconduct

- a. Academic misconduct is dealt with according to the terms of the Academic Integrity and Honesty Policy, Managing Student Academic Misconduct Procedure and the Student Grievances and Complaints Policy.

---

### 3.2 Inappropriate use of Information Technology

- a. Refer to the Acceptable Use of ICT Facilities for Staff and Student Use of ICT Services Policies and Procedures.

### 3.3 Student not following Work Health and Safety requirements

- a. Refer to the Health, Safety and First Aid in the Workplace Policy and Procedure and the Student Code of Conduct Policy, Appendix 1.

### 3.4 Inappropriate behaviour

- a. Inappropriate behaviour is outlined in Appendix 1 of the Student Code of Conduct Policy and is considered to be a breach of the code of conduct. It includes inappropriate behaviour on site; at orientation activities; at off-site organised activities such as industry visits, field trips or clinics; activities at a third-party partner's premises such as observations or placement; or at any other activities where the student is representing ABS, such as competitions.
- b. The following process steps for dealing with inappropriate behaviour are not intended to be necessary, consecutive steps. Based on the judgment of individuals dealing with an incident of, or claims of, inappropriate behaviour, if the situation warrants immediate action the initial steps may be omitted, and the necessary action taken to remove the student.
- c. The student behaving inappropriately will be asked by a member of the academic or professional staff of ABS or a third-party partner, to cease the inappropriate behaviour.
- d. Where the student does not cease the inappropriate behaviour, and the behaviour is on site they will be asked to leave that environment. Where the student does not leave, a member of the ABS or third-party partner's Executive Leadership Team may be called to authorise security to remove the student from the environment where the inappropriate behaviour has occurred (e.g., classroom, learning centre, or common area).
- e. Where the inappropriate behaviour is off-site, but under the supervision of an ABS staff member or a staff member of a third-party partner, the supervising staff member will ask the student/s to leave that environment. The supervising staff member will notify the Executive Dean of the incident.
- f. Where the behaviour is at the premises of a partner providing observation or placement services, the partner's staff member providing supervision will ask the student/s to leave that environment. The supervising staff member will notify the Executive Dean of the incident.
- g. Where the inappropriate behaviour is on ABS's online platform or during an online session, the ABS staff member will suspend the student's access to the platform/session.

- 
- h. Where the behaviour is escalating and is unmanageable by staff, partners and security, the police may be called to deal with it.
  - i. Where the behaviour is considered to be due to a serious health condition, the incident will be managed according to Appendix 1 of this procedure.
  - j. In all cases of inappropriate behaviour, the Executive Dean will be notified, and the details of the incident noted on the student's file.
  - k. The Executive Dean or delegate will initiate an investigation and, where required, implement the most relevant disciplinary action (see clause 3.5).
  - l. Where the alleged inappropriate behaviour is notified by a complainant (such as another student, a staff member, a member of a partner organisation, or a member of the public) and the complainant believes that no appropriate interventions have occurred, the complainant may consult with the Executive Dean or delegate to attempt to initiate an informal resolution.
  - m. The Executive Dean or delegate will follow-up on such allegations within five (5) working days and may meet with the complainant and the student to facilitate resolution. Where the Executive Dean or delegate cannot resolve the issue, the complainant may submit a formal grievance under the Student Grievances and Complaints Policy and Procedure.

### **3.5 Disciplinary Actions for Breach of the Student Code of Conduct**

- a. All decisions about disciplinary action will be notified to the student in writing by the Executive Dean and noted on the student file.
- b. The Executive Dean will determine and administer the disciplinary actions that will be taken following an investigation of inappropriate behaviour, except where a decision must be consultatively made, as noted in clauses 3.5.e.
- c. Any applicable policies or procedures to investigate and deal with the actions of the student may be used to support the decision of disciplinary action which may include (but is not limited to):
  - a verbal warning and counselling regarding the incident of inappropriate behaviour;
  - a written warning that clearly states that the behaviour is inappropriate and outlines/identifies possible consequences including disciplinary action up to and including a suspension of study;
  - requiring the student with a serious health condition which is putting the student and/or others at risk to take medical leave - see clause 3.5.d. and Appendix 1;
  - if the behaviour is unlawful (for example, fraud or theft), notification of the incident to the police; and

- 
- where the breach of the Student Code of Conduct is deemed serious based on a 'reasonable person' standard, immediate disciplinary action will be implemented. This may include a recommendation of suspension of study or cancellation of enrolment - see clauses 3.5.e and 3.5.f.
- d. Where the Executive Dean considers required medical leave to be necessary the process outlined in Appendix 1 will be followed.
  - e. Where the Executive Dean considers suspension of study or cancellation of enrolment to be necessary, they will hold a meeting with the Registrar, the Executive Director, and the Facilitator to discuss this.
  - f. If the outcome is confirmation of suspension of study or cancellation of enrolment, the Executive Dean (or delegate) will notify the student in writing to advise them of the decision, the reasons for the decision, their right of appeal, the process to appeal, and the support services available to the student.
  - g. If the outcome is to not proceed with suspension or cancellation, and instead to initiate another discipline option, the Executive Dean (or delegate) will notify the student in writing to advise them of the decision, the reasons for the decision, their right of appeal, the process to appeal, the support services available to the student, and the possible consequences of repeating the behaviour.
  - h. The Executive Dean will include in their reports to the Academic Board, all incidents of inappropriate behaviour that result in disciplinary action.
  - i. Where appropriate, disciplinary procedures and actions will proceed even if the student withdraws from the course and then does not meet the definition of a student while a disciplinary process is ongoing and/or pending.
  - j. Students who are impacted by inappropriate behaviour will have access to support services through Student Support personnel, and the ABS Employee Assistance Program (EAP) as appropriate.

### 3.6 Appeals

- a. A student may appeal against a decision made under the Student Code of Conduct and this procedure, including the procedure in Appendix 1: Required Medical Leave. The grounds for appeal are that the decision is inconsistent with the Student Code of Conduct and this procedure. Where the conduct is managed through another policy, that policy and procedure apply.
- b. Appeals must be made in writing, following the requirements of the Student Grievances and Complaints policy and procedure.

## APPENDIX 1: REQUIRED MEDICAL LEAVE PROCEDURE

### PURPOSE

This procedure provides information on managing students whose inappropriate behaviour is due to a serious medical condition, and who are now required to take medical leave.

### INTRODUCTION

A student's medical condition may become known because of inappropriate behaviour or because the student has disclosed it and an incident occurs. If the student's behaviour is putting the student and/or others at risk, and all options of support and counselling have not changed the behaviour, placing a student on medical leave may be the only option available. Where the student is unwilling or unable to request leave, it allows ABS to require the student to take a period of medical leave with the option of returning to study at a later date, with or without set conditions.

### PROCESS

#### 1. Crisis management

- a. If the behaviour is at a crisis level, as defined in the Critical Incident Policy, that policy should be initiated immediately.

#### 2. Investigation

- a. Investigation by the Executive Dean will include consultation with Student Support to discuss what support the student has already received and should receive as an outcome of this incident.
- b. Copies of all decisions and communication must be kept on the student's file.

#### 3. Initiating Required Medical Leave

- a. The Executive Dean will meet with the Executive Director, the Registrar, and a representative of Student Support to consult and confirm that Required Medical Leave is required for the student and to discuss the support to be provided.
- b. Where Required Medical Leave is agreed by the group, the Executive Dean will write to the student notifying them of this decision and arranging for a meeting between the student, Executive Dean, Executive Director and a senior representative of Student Support. The student will be free to bring a support person to the meeting. The meeting will include:
  - discussion on the reasons for the leave;
  - that the leave is mandatory;
  - the process and conditions (for example a medical certificate confirming fitness to return) for requesting a return to study;
  - the support that will be provided; and

- 
- how to appeal the Required Medical Leave decision if the student wishes to do so.
- c. To expedite notification to the student, the Student Support representative will contact the student by phone to notify them of the oncoming letter and its contents, to discuss their availability for attendance at the meeting and the information they will receive there, and that the requirement for leave is mandatory and will go ahead irrespective of the student's attendance at the meeting.
  - d. A period of Required Medical Leave will normally be for no longer than twelve (12) months.

#### 4. Support

- a. ABS will utilise relevant policies and procedures to support the student and, on a case-by-case basis, minimise the impact of Required Medical Leave. This includes academic standing and progression, and fees.
- b. ABS will maintain contact with the student where that is possible to inform support planning for the student's return to study and to reassure the student of their continued connection with the organisation while they are on leave.

#### 5. Return to Study

- a. The student requests a return to study by writing to the Executive Dean and providing evidence that any conditions previously notified for return to study have been met.
- b. The Executive Dean will discuss the request with the Executive Director, Registrar, and the Support Unit. Additional information may be sought as required.
- c. The decision can be to:
  - allow the return, with or without conditions;
  - to extend the leave, by no more than twelve (12) months; or
  - to refer the matter to the Audit and Risk Committee with a risk assessment, following which the committee's decision will be final.
- d. The decision, and any communication around it, will be recorded in the student's file.

#### 6. Appeals

- a. Refer to clause 3.6 in the Managing Inappropriate Student Behaviour Procedure. Students may appeal on any decision, including the extension of Required Medical Leave following completion of the first period of such leave.
