AIMET is an approved Registered Training Organisation by the Australian Skills Quality Authority. This registration is issued under the authority of the National Vocational Education and Training Regulator Act 2011. AIMET is also an approved Higher Education Provider by the Tertiary Education Quality and Standards Agency. This registration is issued under the authority of the Higher Education Support Act 2003. This legislation requires AIMET to collect personal and sensitive information from its learners. This requirement is specified in the Data Provision Requirements 2012 which is one of five legislative instruments that AIMET must comply with as a condition of its registration. The date provision requirements require AIMET to collect data from learners in accordance with the Australian Vocational Education and AIMET Information Statistical Standard (AVETMISS). The Standards for Registered Training Organisations require AIMET to retain and store this information for up to 30 years and to report training activity to government agencies in accordance with mandatory reporting requirements.

Together these requirements form a statutory obligation to collect, store and report information of any learner participating in nationally accredited training. The publications referred to in this section can be accessed from the ASQA website.
